

Hydro-Clean Urban Stain Cleaner

PROCESS INTRODUCTION :

HYDRO-CLEAN is a very powerful cleaner. It is recommended for the stripping and cleaning of porous mineral urban floors.

HYDRO-CLEAN is a very effective stain remover and degreaser for engine oils, tyre marks, exhaust residues, food based grease and sugars, tannins wine or vegetation stains etc. HYDRO-CLEAN can be used for cleaning blocks laitance rinsing (carbonations), tile grout laitance, efflorescence and scale formation (contact us).

HYDRO-CLEAN may also be used for stripping with an extended period of application, to reduce the skid resistance of the limestone floors (for this type of application, we advise you to call one of our trained and certified experts: contact us). HYDRO-CLEAN does not alter and does not affect the nature of the materials for which it is intended.

SCOPE OF IMPLEMENTATION :

Indoor

Outdoor

HYDRO-CLEAN can be used on any mineral substrates such as stone, granite, concrete, tiles, etc...

Limitations of use :

Do not apply HYDRO-CLEAN on other materials such as glass, aluminium, paint, varnish, metals, marble and shiny polished materials.

It is essential to proceed with a preliminary test before any definitive treatment.

PACKAGING : Plastic containers 20 L, 5 L, 2 L and 500 ml sprays.

* Dangerous – Respect the conditions of use

The information contained in this leaflet is intended to help users. It is from the result of tests carried out objectively in our laboratories. It is up to the users of our products to decide if the products are suitable for the job they want to do.

In doing so, Hydro-Mineral do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product.

HYDRO MINERAL

IMPLEMENTATION SHEET

Hydro-Clean Urban Stain Cleaner

APPLICATION :

Spray

Protective Sheet

Adhesive Tape

HYDRO-CLEAN is made to be used on mineral substrates. Spray on the surface or spread with a mop, leave it work for 10 to 20 minutes, rinse with water or high-pressure lance and leave it dry. Repeat the process if necessary.

AVERAGE CONSUMPTION : 1 Litre = 10 to 15 m² (Depending on the supports)

CONDITIONS AND PRECAUTIONS OF APPLICATION :

Temperature of application	Min	Max
Air temperature	3°C	35°C

HYDRO-CLEAN is ready to use. Do not mix it with another product, do not dilute.

It is essential to protect all the materials which are not to undergo this treatment : glass surfaces, door frames and conservatories in aluminium or PVC, paint, wood frames, vehicles, etc. Do not apply on polished or shiny materials.

Do not apply in frosty weather or when there is a risk of frosting in the hours which follow the application. Do not use the spray in high winds. **Shake the container well before use.**

EQUIPMENT CLEANING :

Clean the equipment with water, rinsing thoroughly, do not leave any product in the spray. Recycle or dispose of the packaging in accordance with the legislation in force.

PHYSICAL AND CHEMICAL PROPERTIES :

ASPECT : Liquid **COLOUR :** Colourless **ODOUR :** Acid

DANGER AND SAFETY INFORMATION :

H314: Causes severe skin burns and eye damage. **P101:** If medical advice is needed, have product container or label at hand. **P102:** Keep out of reach of children. **P103:** Read label before use. **P260:** Do not breathe vapours. **P280:** Wear protective gloves / protective clothing / eye protection / face protection. **P301 + P330 + P331:** IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. **P303 + P361 + P353:** IF ON SKIN (or hair) Take off immediately all contaminated clothing Rinse skin with water/shower. **P304 + P340:** IF INHALED : Remove person to fresh air and keep comfortable for breathing. **P305 + P351 + P338:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing. **P363:** Wash contaminated clothing before reuse. **P312:** Call a ANTI POISON CENTER or a doctor in case you feel unwell. **P501:** Dispose of contents / container to a disposal facility in accordance with local regulations.

Dangerous - Respect safety precautions.

PERSONAL PROTECTION :

Safety glasses

Respiratory protection

Gloves

Rubber boots

Coveralls
